

# BOISE RADIOLOGY GROUP

Boise Radiology Group has been providing quality medical imaging services in the Treasure Valley area for over 25 years. Our hospital based radiologic services are located at all St Luke's Idaho facilities from Wood River Valley to Meridian. In April 2003 a full service outpatient office opened at the corner of Americana and Shoreline in Boise, allowing for a convenient alternative to a hospital visit. All facilities are linked through our common radiology information system.

Our quality medical staff consists of fifteen board certified radiologists with sub-specialties in areas such as neuroradiology, musculoskeletal, body imaging, interventional, pediatric, nuclear medicine and breast imaging services. Each radiologist attends continuing medical education to assist Boise Radiology Group in achieving the highest quality of service possible.

## *Our Radiology Board Certified Physicians*

**Steve Marx, M.D.** graduated from University of Washington School of Medicine, Seattle Washington in 1994. He completed his residency in 1999 at Virginia Mason Medical Center in Seattle. A fellowship in Neuroradiology was completed in 2000 from the University of Washington School of Medicine. Dr. Marx joined Boise Radiology Group in July 2000. Dr Marx enjoys family life with his wife and four children along with skiing, biking and hiking.

**Bruce Hubler, M.D.** graduated from University of Washington School of Medicine, Seattle Washington in 1991. His residency program was from Virginia Mason Medical Center, Seattle Washington from 1993 to 1996, including four months of pediatric radiology at Children's Medical Center and three months emergency radiology at Harborview Medical Center, Seattle Washington. Dr Hubler attended a fellowship program in Body Imaging with appointment as clinical instructor, ending July 1997. Dr. Hubler joined Boise Radiology Group in May 2001 and has special interest in body CT, Body MRI and PET imaging. Dr Hubler enjoys fly-fishing and watching his son and daughter play.

**John Waltz, M.D.** graduated from University of Pittsburgh School of Medicine in 1991. He attended the diagnostic imaging residency program at the University of Pittsburgh Medical Center from 1992 to 1996. From 1996 to 2000 Dr Waltz served in the Air Force as a radiologist at Mountain Home Air Force Base. He completed an Abdominal Imaging Fellowship at the University of Pittsburgh in 2001. Dr. Waltz joined Boise Radiology Group October 2001.

**Quinn DeMordaunt, M.D.** graduated from George Washington University School of Medicine, Washington D.C., in 1994. He attended the diagnostic radiology residency program at the Mayo Clinic in Rochester, Minnesota, completing in June 1998. From 1998 to 1999 Dr. DeMordaunt fellowship trained in CT, MRI and Ultrasound Imaging at the Mayo Clinic after which he joined Medical Imaging Associates of Idaho Falls. Dr. DeMordaunt joined Boise Radiology Group October 2001. Time with his family is what he enjoys most.

**Christopher Jennings, M.D.** graduated from University of Michigan Medical School in 1988. He attended residency at the Naval Medical Center in San Diego California, completing the program in 1995. A fellowship in Diagnostic Body Imaging (including MRI, CT and Ultrasound) followed from 1998 to 1999. After completion of his fellowship Dr. Jennings worked at Portsmouth Naval Center as the Division Head of Computed Tomography and Ultrasound from 1999 to November 2001. Dr. Jennings joined Boise Radiology Group in December 2001. In his free time, Dr. Jennings enjoys various outdoor activities and time with his family.

**Michael T Fisher, M.D.** graduated from University of Washington School of Medicine in 1995. He attended residency at Maine Medical Center in Portland Maine, completing the program in 2000. A fellowship in Pediatric Imaging at the Children's Hospital in Boston, MA followed from 2000 to 2002. Dr. Fisher joined Boise Radiology Group in July 2002. Born and raised in Boise, Dr Fisher loves the outdoors and all that Boise has to offer.

**Michael A. Fuchs, M.D.** graduated from Indiana University School of Medicine in 1998, where he also attended residency and fellowship training in Musculoskeletal Imaging. Dr. Fuchs joined Boise Radiology Group July 2004. Originally from Twin Falls Idaho, Dr. Fuchs enjoys all there is to offer from Idaho, including fly-fishing and bike riding.

**Adam S Maxfield, M.D.** graduated from the University of Colorado Health Sciences Center School of Medicine in Denver, CO. He completed a Transitional Year Internship at LDS Hospital, Salt Lake City, Utah. His four-year residency in Diagnostic Radiology was conducted at the Mayo Clinic in Rochester, MN. Additionally, Dr. Maxfield finished a one-year fellowship in Neuroradiology, also at the Mayo Clinic. Raised in Boulder, CO, Dr. Maxfield is married with four children and enjoys spending time with his family in a variety of extracurricular activities.

**Shane K. Ball, M.D.** graduated from Loma Linda School of Medicine in May of 1999 where he also attended a residency program from July 2000-June 2004 after completing an internship in Medicine at the University Of Washington School Of Medicine in Seattle Washington. From July 2004-September 2005 he attended fellowship training in Body and Musculoskeletal Imaging which included cardiovascular MRI and CT, body and breast MRI and body and chest CT along with vascular ultrasound. Dr Ball joined Boise Radiology Group October 1, 2005. A Boise native, Dr Ball enjoys all Boise has to offer.\_

**Daniel D. Ririe, M.D.** graduated in 1999 from University of Utah School of Medicine. He attended Mercy Hospital of Pittsburgh for his transitional medical internship. The residency program he chose was with Oregon Health & Science University where he attended from 2000 – 2004. His fellowship training in Neuroradiology was also from Oregon Health & Science University. Dr. Ririe joined Boise Radiology Group August 1, 2005. Dr. Ririe likes spending his free time with his family.

**Todd Burt, M.D.**, graduated from University of Colorado School of Medicine in 1976. He completed his Diagnostic Radiology residency, from the University of Utah Medical Center in 1981. In 1985 he completed a Neuroradiology fellowship from University of Arizona Health Sciences Center in Tucson Arizona. Dr Burt also holds a Certificate of Added Qualifications in Neuroradiology. From 1981 to 1984 Dr. Burt worked as a diagnostic radiologist for the hospital at Luke Air Force Base in Arizona. Dr. Burt joined
